GROWER - IMPORTER - JOBBER

WHOLESALE VEGETABLE, FLOWER AND FIELD SEEDS

DALTON, N. Y.,

TO THE TRADE:

It is with great pleasure that I send you this catalogue and price list, and I just want to ask you one favor, and that is that you go over this list item for item and see if you do not find something that will interest you.

You will notice that the items listed herein are just a little different than those offered by any other seedsman in the United States, and I am proud to say that these are all of my own offering, and I would be more than pleased to have you consider them.

You will also note that I do not send seed out on a commission basis, all seed being sold outright. In this way I am able to give you extra low prices and a grade of seed that is the best offered in this country, and you will note on the back of all of my pkts. the Germination Test printed on there, showing you just what you are getting. I do not believe there is another firm in the trade doing this to protect their customers. Is this worth considering?

Why do you handle commission seed? Do you not know that you can make more money on your seed sales and give your customers better value if you purchase your seed on the outright sale plan?

Be up to date and buy your seed on the outright plan, and then you can sell them at any price you see fit, and no seedsman will come along and tell you to sell them at a certain price.

Remember that I do not belong to any seed trust or organization of any kind for the holding up of seed prices, and I trust that I may have some of your business for the coming year.

I am always ready to help you with your seed troubles and will be glad if you will write me at any time and let me help you.

In presenting this catalogue I wish that I might step into your store and take you by the hand and tell you all of the good things that I have to offer and try and interest you, but as there are so many of these catalogues going out that I am unable to do this, and so will just mail it and ask that you take it in the same spirit that you would if I were in your store.

Thank you for your order.

Yours truly,

WILLIAM D. BURT.

Style "A"

My "Jumbo" Pkt. Vegetable Seed

Retails for 5c-Always Worth It

The present day trade demands a large packet of vegetable seed, and to meet this demand I am offering a Jumbo packet, an illustration of which appears at the left. This item is absolutely the largest value ever offered. Being filled with an unusually large amount of seed makes it very popular with the trade. In addition to the seed value, each packet is beautifully lithographed in eight colors, a fact which readily increases the selling quality one hundred per cent. Without doubt, the Style "A" packet is bound to be a leader. Every packet the exact size of the illustration. A first call means repeated calls from your customers, perhaps for varieties which they have never used before. Burt's seeds are meeting with increasing popularity. Explicit culture directions and germination test printed in clear, readable type on back of packet.

Style "B"

This is a popular style which I carry in open stock to sell by dozens, or in assortment boxes for display purposes. Assortments consist of eighty leading standard varieties, each variety the best product procurable, and subjects of my own laboratory test. Culture directions and germination test plainly printed on the back of each packet, and all varieties lithographed in bright and attractive colors. Thousands of dozens of this popular style go out from the Burt plant annually, which is fitting proof of their popularity with the trade. I do not hesitate to present this style for the popular small packet business; it has the seed value, quality and attractiveness which go to meet that particular class of trade, where the value looks better in several packets at a given price rather than one large packet at the same price. Also for those who desire a greater variety and fewer seeds of one variety. The size and brilliancy of this style number make it very attractive and convenient when used as a counter display, which is pleasing to customers and helps to win trade. Showy window trim and advertising matter furnished with each shipment.

Style "F"

This packet is another standard style and corresponds to the regular Style "B" vegetable, and the two are always sold in conjunction with each other. This number consists of sixty varieties of flowers, as listed below. The assortment is compiled to meet the demand for all varieties of flowers most commonly grown. Where our war gardens had their absence of flowers, our victory gardens are made more conspicuous by their flower borders. Flower seed sales will receive a daily increase over those of former years, hence an addition of our sixty varieties of Style "F" to your counter display will be an attractive trade feature. Illustration shows exact size of packet, lithographed in bright colors, each packet well filled, and splendid culture directions and germination test plainly printed on back of each variety. Advertising matter and window display furnished.

Style "K"

This number is an attractive, large size flower seed packet, consisting of fifty standard varieties of flowers. Style "K" is a sister of Style "A" vegetable, the two always appearing together wherever a large packet is desired. It is apparent that no seed line is complete without this number, as our sales show marked increase in orders for the large size packet. Style "K" is profusely illustrated in natural colors, with an attractive scroll border around each variety. Culture directions and germination test printed in clear, readable type on back of each packet. Much time has been spent in making this style one of our live numbers for this season's trade. The quantity of seed it contains and the bright, snappy packet are ready self-advertising numbers.

“3 in 1” COLLECTIONS

The novel “3 in 1” collection here illustrated is exclusively a Burt product; no other seed house has anything like it. In 1918 the “3 in 1” collection made its first appearance in our catalog and price list, and since that time has steadily gained popularity. This style is put up in packets the exact size of illustration, profusely lithographed in brilliant natural colors, illustrating the contents. Each large packet contains 3 smaller ones, each a different variety of one sort of vegetable. For example, the large radish packet contains one small packet each of French Breakfast, White Tipped and Icicle radish. We offer the 15 named varieties below only.

"Best Grade" Nasturtiums

Beautiful, profuse, flowering climbers of easiest culture, bearing their gorgeous flowers in masses until killed by frost. A grand mixture, ranging through all the shades of red and yellow; from a creamy white to a dark maroon; in fact, a gorgeous mixture—something that will please you.

I SUPPLY BOTH TALL AND DWARF VARIETIES. BE SURE AND STATE WHICH YOU WANT.

They are put up in large ounce packets, which are beautifully lithographed and packed in display boxes holding 25 packets.

PRICE 55c PER BOX

You can get 10c per pkt. for these and more than double your money at 5c per pkt.

A Page of SWEET PEAS

Sweet Peas need no introduction to the trade, we all know them; the only matter for our consideration is what styles are best for our particular trade. The choice Spencer Sweet Pea Collection is a gem seller. The large envelope is four times the size of the illustration and contains five different colors of Spencer Sweet Peas. This style packet has no equal, cannot be bought elsewhere and is an unusual value which never fails to please. So great is the demand for collection packets that the Burt Seed House employees work the year around preparing stock. Each large envelope is profusely lithographed in colors representing its contents. Elaborate window display and advertising matter sent with each shipment.

A new and attractive display box has been added to our collections this year. This box has no equal in its neatness of appearance and artistic design.

"Best Grade" Sweet Peas

A BEAUTIFUL MIXTURE OF OVER 40 VARIETIES

Deservedly the most popular flower grown. For grace and beauty of form and coloring, exquisite perfume, profusion of bloom and ease of culture, they have no peer, and thus they are found adorning the gardens of nearly every home in our land. This being true, no pains have been spared to make this mixture the very best one put up. You will find this mixture contains the very finest blending of the best colors.

They are put up in large packages, which are beautifully lithographed and packed in display boxes holding twenty-five packets.

 PRICE PER BOX 55c

They are the regular 10c size, but at this price you can sell them at 5c per pkt. and double your money.

BURT'S SEEDS OF QUALITY NEVER FAIL

My Popular 10c Seed Collections

For the convenience of a large percentage of Seed Buyers who want a collection of Vegetable or Flower Seed and who do not just know the popular and best kinds, I have made up the following collections, which contain just what they want. These collections are very popular.

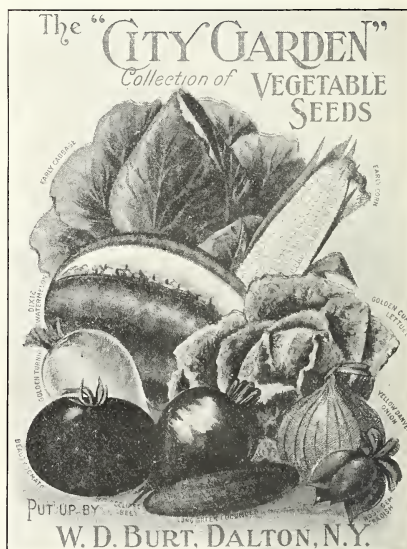

"The City Garden" Vegetable Collection

"City Garden" Collection is similar to the above described number, only containing ten packets of those varieties most commonly grown in the average small garden. We receive through the mails many inquiries from individuals who bought packets of these valuable collections at the 5 and 10 cent stores in different sections, asking that we supply them as they were unable to buy more at the store.

Packed 1 Doz. in Display Box, 80c per Doz.

Burt's "Sunrise" Collection is absolutely the greatest packet seed value ever offered. The demand for this collection is so great we urge our customers to place their orders in advance of their needs. "Sunrise" Collection has twelve packets of standard vegetables, supplying the variety for a small sized garden at the small cost of 10 cents retail value. Large, brilliantly lithographed packet, with culture directions and germination test printed on packet.

Packed 1 Doz. in Display Box, 80c per Doz.

Is not the above convincing proof of the selling qualities of these valuable vegetable collections? Remember the display box lithographed in colors, presenting an unusually attractive appearance. Place several of these on your counter and watch the people walk straight to them and buy. Results are imperative.

The "Little Gem" Flower Collection

When variety and coloring are considered, the "Little Gem" Collection is a leader. The large lithographed package contains 7 small packets of flowers as illustrated. These varieties are all profuse bloomers, suited to almost any ordinary soil conditions. Many flower lovers who have limited space prefer an offer of this kind. The display box adds to the beauty of the collection. Culture directions and germination test printed on each packet.

Packed 1 Doz. in Display Box, 80c per Doz.

The "Old Home" Flower Collection

"Old Home" Collection is parallel to "Little Gem" Collection, only containing five varieties where "Little Gem" has seven. Lithographed in bright, showy colors same as other collections.

Packed 1 Doz. in Display Box, 80c per Doz.

"My Best" Pansy Collection

My Best Pansy Collection is a favorite among those who admire Pansies. The collection embraces five most popular varieties of rare Pansies, namely: Royal Prize, Imperial, The Fairy, Home Sweet Home and Giant Mixture, all mammoth sorts. The lithograph shows a pleasing picture of the different kinds contained in the collection. Packed one dozen in fancy display box. Retail price 10 cents; wholesale, 70c dozen. Window display furnished.

My Best Aster Collection

The large, showy blooms of the popular annual Aster make it foremost in flower seed sales. My Best Collection of 5 large packets of finest sorts, namely: Semples Branching, Queen of Market, Peony Flowered, Comet and Chrysanthemum, all varieties mixed colors. The five packets placed in large lithograph packet illustrating the sorts. Never fails to sell. Culture directions and germination test printed on every packet. Window display furnished.

Packed 1 Doz. in Display Box, 70c per Doz.

Cosmos Collection

A most beautiful collection of rare Cosmos, producing large, superior, perfect blooms of colors shown on large lithographed packet, which contains five separate colors. The best Cosmos offer in the market today. Window trim furnished.

Packed 1 Doz. in Display Box, 70c per Doz.

Zinnia Collection

The old-fashioned flower garden is not complete without the tall, graceful growing, rich colored Zinnia. This collection embraces 5 packets of the most popular colors. Beautiful yellow, snow white, handsome scarlet, brilliant crimson and perfect flesh. Large packet lithographed in natural colors, very showy and attractive.

Packed 1 Doz. in Display Box, 70c per Doz.

SPECIALS

A study has been made of several varieties of decorative plants which are not commonly grown but easy of culture and suited to ordinary climatic conditions. The varieties may be used in gardens or beds where specimen plants are desired. We claim these specials to be among the rarest, most beautiful and unusual sorts offered in packets today. Every year adds new calls to the large list of stores using our specials. Plainly printed culture directions printed on back of each packet.

THE GREAT FOUNTAIN PLANT

The Fountain Plant or "Amaranthus Salicifolius" is a very beautiful annual, peculiar in form and color. Finest of all decorative plants, bearing long, wavy racemes of curious, drooping branches shaded with orange, bronze and crimson. They make beautiful drooping plants. Succeed anywhere. Seeds grow rapidly.

PRICE WITH DISPLAY CARD, 60c DOZ.

THE FAMOUS JAPANESE KUDZU VINE

Hardy Perennial Climber

This is the most rapid growing vine known (12 inches in one day). It has a tuberous root, which is perfectly hardy everywhere, and in spring sends up vigorous shoots, which will quickly shade an entire piazza front. It will grow 50 feet the first summer from seed sown in the open ground in May. Its foliage is very luxuriant, and its rose-colored, fragrant flowers are produced in large clusters. For covering porches, fences, stumps, arbors, dead trees, etc., with a luxuriant curtain of foliage, and in the shortest possible space of time, there is no climber that can equal it.

PRICE WITH DISPLAY CARD, 60c DOZ.

NEW ORNAMENTAL COTTON

This cotton makes a very beautiful decorative plant when growing, and for cutting in the fall for house as everlasting, there is nothing better. Some leaves are green, white, yellow and red. The cotton is snow white. Grows easily from seed. Be sure to place your order for a little of the seed.

PRICE WITH DISPLAY CARD, 60c DOZ.

RICINUS OR CASTOR

BEAN

Castor Oil Bean. A stately and highly ornamental tree-like annual plant, 6 to 14 feet high. Very effective as a foliage plant. Highly desirable for centres of beds or for backgrounds. By planting Ricinus beans on the borders of garden, moles may be kept away, as they will leave as soon as they get a scent of the plant. The handsomest strain of castor oil bean. Leaf sometimes 2 feet across, with stem rising 8 to 12 feet. Four varieties in a mixture—green, copper brown, brownish purple and bronze. Finest mixed.

PRICE WITH DISPLAY CARD, 60c DOZ.

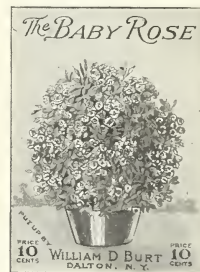

THE BABY ROSE

Grown from Seed

This is a true new hardy hybrid perpetual ever-blooming rose, which will bloom in 60 days from sowing the seed. It is a new variety and the seed is very scarce and high priced. The plants grow very strong and begin to bloom when very small, even when the shoots are not more than 3 inches high. As they grow older the flowers increase in size and number until large trusses of bloom cover the plant from spring until fall. They are hardy and live from year to year, increasing in beauty, and make an excellent pot plant. Flowers come double, semi-double and produce many colored flowers, such as white, pink and crimson.

PRICE WITH DISPLAY CARD, 60c DOZ.

THE GREAT BANANA PLANT

The rapidity of the growth of this plant is astonishing. It is a gorgeous and stately plant, with giant, magnificently shaped leaves of a beautiful bright green color. Seeds sown early in hot-bed and repotted will give plants eight feet high the first summer. It certainly is a great curiosity, and a few plants in your garden or upon the lawn will make an ornamental and gorgeous effect. The seeds of this variety are scarce and hard to get, but we have succeeded in securing a supply which we can offer to our customers this year.

JAP. CHRYSANTHEMUMS

We have succeeded in securing a wonderful collection of Japanese Chrysanthemum seed, and there is hardly any flower produced from seed that can take the place of this. Our mixture is composed of all the best Japanese and Chinese varieties, which are imported from Japan. Among the curious shapes and beautiful colors will be found the Ostrich Plume sort, twisted and curled, and nearly all shades you can imagine. In addition to the Japanese variety, we include the Annual Chrysanthemums, which produce large flowers of crimson, gold and white colors.

PRICE WITH DISPLAY CARD, 60c DOZ.

IPOMOEA OR MOONFLOWER

Hardy Annual Climber Beautiful outdoor climber of luxuriant growth for covering verandas and arbors, or for screening unsightly objects. For a quick growth, soak seed in lukewarm water 24 hours before planting. Earlier to bloom than any of the moonflowers, and well adapted to Northern conditions. Buds open in the afternoon and remain open until well into the following day, and all day in cloudy weather. Vines often have 20 to 40 great flowers open at one time.

KOCHIA OR SUMMER CYPRESS

Hardy Annual This beautiful annual hedge plant is rapidly coming into prominence. It grows 2 to 2½ feet high and resembles a closely clipped ornamental evergreen. The globe-shaped or pyramidal bushes are close and compact and of a pleasing light green color. The plant may be grown singly or in the form of a hedge or background. In early autumn the whole bush becomes carmine or blood red, hence the name of Mexican Fire Plant, Burning Bush, etc. It is also called Belvidere, Standing or Mock Cypress. JAPANESE MORNING GLORY

Imperial Japanese, Single Mixed

Our single mixed has a wide and truly remarkable range of markings, unexcelled by any other strain. The shades and colors are various—white, pink, lilac, rose, bronze, garnet, crimson, etc. There is leaf variation that cannot fail to please. Many of their leaves are richly marbled and variegated white and green, which add to their beauty.

World's Wonder Collection of RARE AND WILD FLOWERS

The seed which forms this collection has been selected by my agents from every country on earth; from the cold and ice-covered mountains of Greenland; from the heat and wilds of Africa, from the barren and storm-swept islands of the Sea, from the stately and royal gardens of China and Japan, from the great flooded forests of the Amazonian region of South America, from the Great Sahara Desert, from the land of the Midnight Sun, and from our own, the most glorious country on earth. Every country known is represented. Do not fail to try them.

CHINESE CELERY CABBAGE

A Great Novelty

Really a Cabbage, but grows in the form of Celery, and when matured looks like Cos Lettuce. A great seller in all city markets, where it attracts much attention. Very easy to grow. Bountiful to become popular everywhere. Good advertising for any market grower to introduce this novelty in his section. Mild flavor, fine for salads or cooking. Boiled, seasoned with butter, it makes a very fine dish. Sow seeds in drills and thin out, giving each plant good space. Grow as late Cabbage. Try it.

SAKURAJIMA RADISH

A New Japanese Wonder

This mastodon of the Radish Family looks like a great football, but if started late in the season, it is delicate in flavor, fine grained and very palatable. It may be eaten raw, but is best cooked. Served with a cream sauce it is fine. Try it.

UMBRELLA PLANT

Tender Perennial

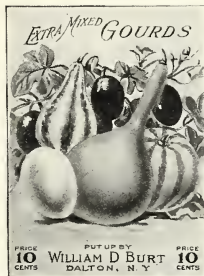

Can easily be grown in a bowl or dish half filled with rich soil, then filled with water. Besides, it will grow and flourish in rooms that have only partial light. An excellent plant for the house. Has long stems with narrow green leaves, umbrella shaped.

PRICE WITH DISPLAY CARD, 60c DOZ.

GOURDS

Dipper, Hercules' Club, Powder Horn, Orange, Lemon, Pear, Bottle, Etc., Mixed

Gourds are rapid growing plants, bearing very ornamental fruit; the fruit of some is large, and that of others small. All, however, are interesting and some very handsome. Gourds are useful for covering arbors, fences and other objects where quick results are desired.

PRICE WITH DISPLAY CARD, 60c DOZ.

CLIMBERS

A Wonderful Collection of Hardy and Half Hardy Climbers

What is more beautiful than a hedge of beautiful climbers? This mixture contains the finest mixture of the following kinds: Sweet Peas, Nasturtium, Morning Glory, Wild Cucumber, Cypress Vine, Canary Bird Flower, Gourds, Passion Flower, Dolichos, Humulus, Moonflower, Scarlet Runner and many other valuable kinds. This is a collection which will be sure to please you, and you should try them.

PRICE WITH DISPLAY CARD, 60c DOZ.

GIANT WONDER PLANT

This is a magnificent foliage plant and is a great curiosity when grown in garden or on the lawn. Seeds can be sown early in spring and will produce plants 10 to 12 feet high, spreading 25 feet across, with leaves from 5 to 6 feet across, making it a perfect wonder. It requires sun, good soil, with plenty of moisture, and in the winter the roots should have protection.

PRICE WITH DISPLAY CARD, 60c DOZ.

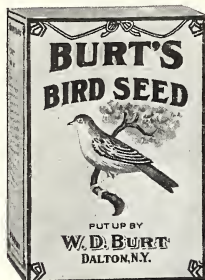

The cut at the left shows the manner in which all of the above specials are packed. You will note this is an easel display card, and on this card is a pocket holding 12 pkts. These cards are beautifully printed in colors, and you may be sure, when properly displayed, to sell out quickly.

BULK SEED

Since my establishment in 1897 it has been my constant aim to sell seed of known purity and germination, and I pride myself on the fact that every lot of seeds received at my "Seed House" has to be tested in our seed testing machine, and any and all lots which fall below the standard are returned to the grower, so every dealer who buys his seed of me has the assurance of nothing but the best.

All of my seeds are grown by the best seed growers in America and Europe, and can be depended on to give results. If there is anything wanted not given on the following list, write me for prices.

CORN, PEAS, BEANS, TURNIPS AND BEETS IN 1 LB. CARTONS

Did you ever stop to figure out the loss on seeds where you have to stop and weigh or measure them out? This seems to be true with Corn, Peas and Beans, and to get around this loss and to save time, I am packing these in 1 lb. cartons, as that seems to be about the amount required by the customer, and by buying these items in this shape you save time as well as string and bag, and they are put up in neat shape and ready for your trade. This is the modern way to handle these items.

Simply order a bushel of Peas or Corn and say you want them in 1 lb. cartons, and we will do the rest, and you will be pleased.

Following is the list, with prices:
